**CABLE COMMUNICATIONS
COMMISSION**

KEEGO HARBOR • ORCHARD LAKE • SYLVAN LAKE • WEST BLOOMFIELD
MINUTES

November 7, 2023 (JOINT MEETING)

The Commission and its Community Programming Committee met jointly at 6:30PM on November 7 at Green Media Center. In attendance were Anne Dziuba, the chairperson, Harvey Gersin, Suzanne Levine, Deborah Macon, and Phil Ross. Also in attendance were Commissioner Jennifer Boykins, Civic Center TV/Lakes FM General Manager Dave Scott, and Commission Executive Director Dave Albery. Not in attendance were Commissioners Beach, Dorf, Kowalsky, and Riney.

Mr. Scott addressed the committee regarding the operation of Civic Center TV and Lakes FM, focusing on social media metrics, You Tube views, CCT web site page views, and recent programming highlights, including high school football and the Heroes Appreciation Breakfast. He added the possibility that those audience metrics can be turned into sponsorship funding in the future. He also emphasized the importance of the public's access to local government through CCT and the need to communicate that importance to the four communities.

Committee members reviewed a written report of programming cablecast on Civic Center TV in October.

Members reviewed a draft of the 2024 implementation of Goal #1 of the Commission's strategic plan and agreed to provide the information to the Commission.

Mrs. Macon suggested the creation of a program that would engage local volunteers in developing stories and programs for Civic Center TV. The volunteers, whom she labeled "Story Corps Connectors", would represent the seven Greater West Bloomfield public school districts, private and parochial schools, the four communities, community organizations and institutions, and major community events. She stated that in order to institute this program, the Commission should develop position descriptions, guidelines, and protocols. Committee discussion focused on the creation of training opportunities for the volunteers, possible through WB Parks.

Mr. Scott stated that as the Cable Commission's programming contractor, he supports the concept presented by Mrs. Macon, with the understanding that final editorial control rests with the Commission, and he offered to provide a draft proposal to begin the process at the next committee meeting on December 5.

Members reviewed the draft agreement with Michigan Digital to provide programming services in 2024.
